

「後疫情時代護理教育之新典範」國際研討會

「New paradigm of nursing education in post-pandemic Era」

The Virtual International Academic Conference

一、計畫緣起

全球從2020年以來受到新冠肺炎（COVID-19）疫情的嚴重衝擊，護理教育不論是在課室或臨床實習皆深受影響。此次研討會主要目的是藉由跨國各界的分享，了解各國在COVID-19疫情衝擊下，護理課室教學及臨床教育如何因應及面對；本次研習會特別邀請泰國、美國、菲律賓及台灣分享疫情下的護理教育的因應及教學策略的分享，藉由彼此觀摩、精進與教學方法的交流，期能對後疫情時代下之護理教育典範建立有所裨益。

Introduction

Since 2020, the world has been severely impacted by the COVID-19 pandemic. Nursing education has also been deeply affected, both in the classroom and in clinical practice. The main purpose of this conference is to understand how to implement and cope with nursing classroom teaching and clinical education during the COVID-19 epidemic, and to create a forum for participants from various countries to share their experiences.

This conference especially invites participants from Thailand, the USA, the Philippines and Taiwan to share the impacts of the epidemic response on nursing education and to discuss teaching strategies, through mutual learning, sharing, and the exchange of teaching methods, toward the establishment of a model of nursing education in the post-epidemic era.
